

# Agricultural Location Directions

---

1. Give each student one of the four *Agricultural Location Research* handouts (slides 3-6). The students will complete the research on each of their five agricultural crops for homework.
2. Divide the students into groups of four based on the *Agricultural Location Research* handouts. Each group should have a #1, #2, #3, and #4.
3. Distribute the *Agricultural Locations Activity* handout (slide 7) and the twenty agricultural maps (slides 8-12). The map handouts work best if they are printed in color.

Source: [www.usda.gov/research/atlast02/index.html](http://www.usda.gov/research/atlast02/index.html)

4. Students in their groups of four should use their completed *Agricultural Location Research* handouts to determine the best answer for each map. They should write their best answer on the *Agricultural Locations Activity* handout.
5. Use slides 13-32 to show the students the correct answer for each map.
6. Each group will receive one bonus point for every four correct answers. The group with the most correct answers will double their bonus points.

# #1 Agricultural Location Research

Name:

**Agricultural Crop**

**Description**

**U.S. Locations**

**World Locations**

**apples**

**canola**

**cattle**

**corn**

**cotton**

## #2 Agricultural Location Research

Name:

Agricultural Crop	Description	U.S. Locations	World Locations
grapes			
hogs and pigs			
milk cows			
peanuts			
potatoes			

### #3 Agricultural Location Research

Name:

Agricultural Crop	Description	U.S. Locations	World Locations
rice			
sheep and lambs			
soybeans			
sugar beets			
sunflowers			

## #4 Agricultural Location Research

Name:

Agricultural Crop	Description	U.S. Locations	World Locations
tobacco			
tomatoes			
vegetables			
watermelons			
wheat			

**AGRICULTURAL LOCATIONS ACTIVITY**

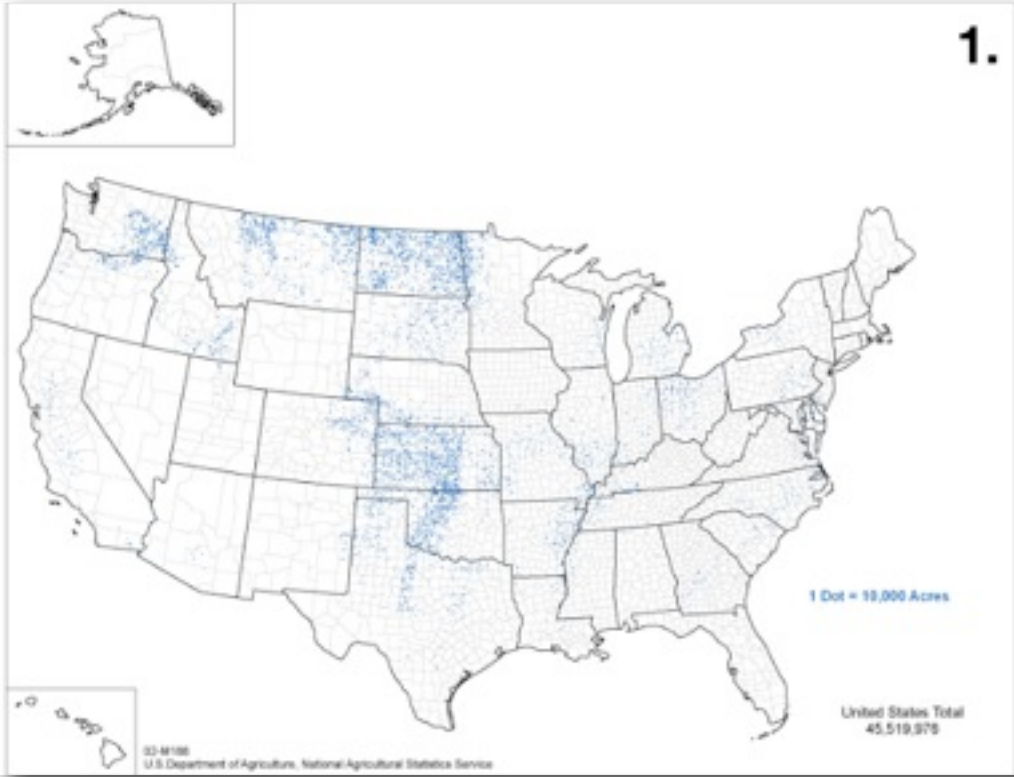

Name / Group Name(s):

**Directions: Use the maps to determine your best answer for each of the agricultural maps.****Total Correct Answers:**

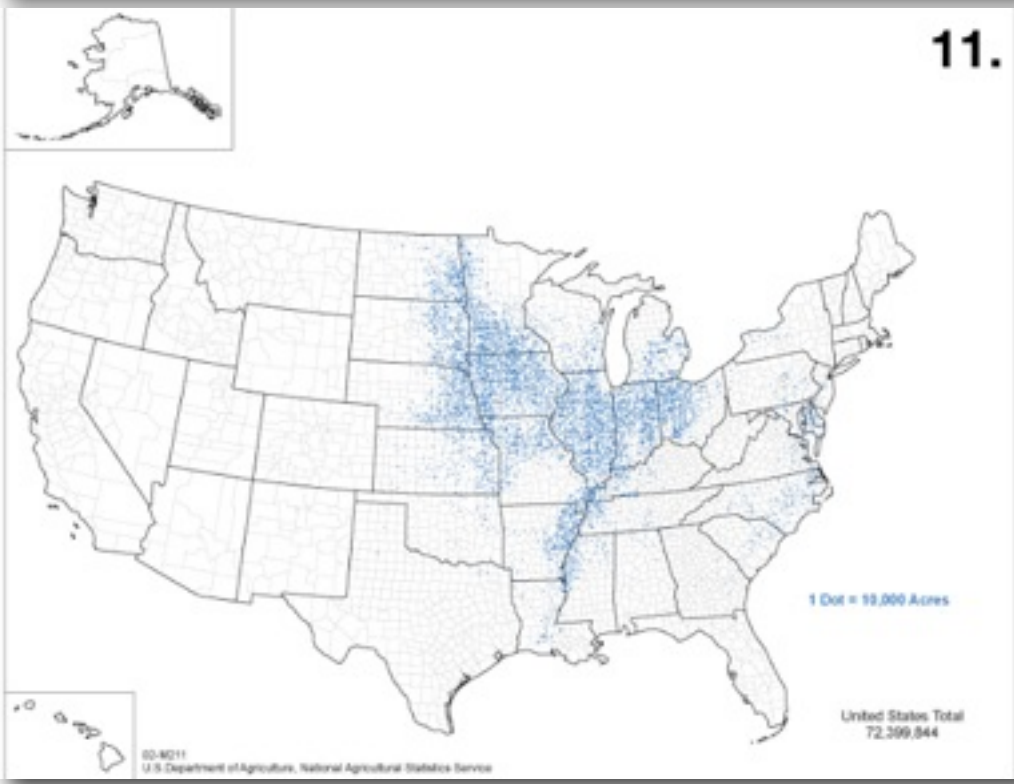

List of Agricultural Crops	Map Number	Best Answer	Correct Answer
apples	1		
canola	2		
cattle	3		
corn	4		
cotton	5		
grapes	6		
hogs and pigs	7		
milk cows	8		
peanuts	9		
potatoes	10		
rice	11		
sheep and lambs	12		
soybeans	13		
sugar beets	14		
sunflowers	15		
tobacco	16		
tomatoes	17		
vegetables	18		
watermelons	19		
wheat	20		

**Agricultural Crops    Cattle    Corn    Cotton    Hogs    Milk (Powder)    Potatoes    Rice    Soybeans    Tobacco    Wheat**
