

ENDURING UNDERSTANDING

IMP-5

Agricultural production and consumption patterns vary in different locations, presenting different environmental, social, economic, and cultural opportunities and challenges.

LEARNING OBJECTIVE

IMP-5.A

Explain how agricultural practices have environmental and societal consequences.

ESSENTIAL KNOWLEDGE

IMP-5.A.2

Agricultural practices—including slash and burn, terraces, irrigation, deforestation, draining wetlands, shifting cultivation, and pastoral nomadism—alter the landscape.

Agricultural Practice	Photo ID	Map ID	Describe how the agricultural practice has altered the landscape.
Slash and Burn			
Terraces			
Irrigation			
Deforestation			
Wetlands			
Shifting Cultivation			
Pastoral Nomadism			

Match the photos and the map locations with the correct agricultural practice. Select the best answers for each agricultural practice.

List of Ag. Practices
deforestation
irrigation
pastoral nomadism
shifting cultivation
slash and burn
terraces
wetlands
