

Name: _____

Distribution of selected businesses in Shelby County.

Choose **one** item from each of the three columns. For each item complete the following:

1. Create a **dot map** of Shelby County showing where the industry is located.
2. **Explain** the distribution on the map by citing a minimum of three factors that determine their locations.

- * Minimum **typed** four paragraphs for each industry.
- * Must use a minimum of **three** sources to help with your explanation of the factors.
- * For some of the items you will need to define what you would considered to be part of that industry.

A	B	C
