

Directions

1. Label each Canadian province and territory.
2. Draw in the isolines for the map: 50, 100, 150, and 200.
3. Complete the color scheme for the maps legend with the most days being more red/orange and the fewest days being blues and purples.
4. Color the map.

Canada's Projected Frost-Free Days for 2051-2080

Explain how this map will be different from the current map.
