Population Pyramid Scavenger Hunt

A map of the Memphis, Tennessee area. The map shows the city of Memphis, Germantown, Collierville, and Southaven. Major roads like Poplar Ave, Lamar Ave, and Walnut Grove Rd are labeled. The state boundaries for Arkansas, Tennessee, and Mississippi are visible.

Go to the following website:

http://developers.arcgis.com/javascript/samples/geoenrichment_infographic/

You will be shown ten different population pyramids.

You will need to use the website above to find a similar population pyramid in the United States.

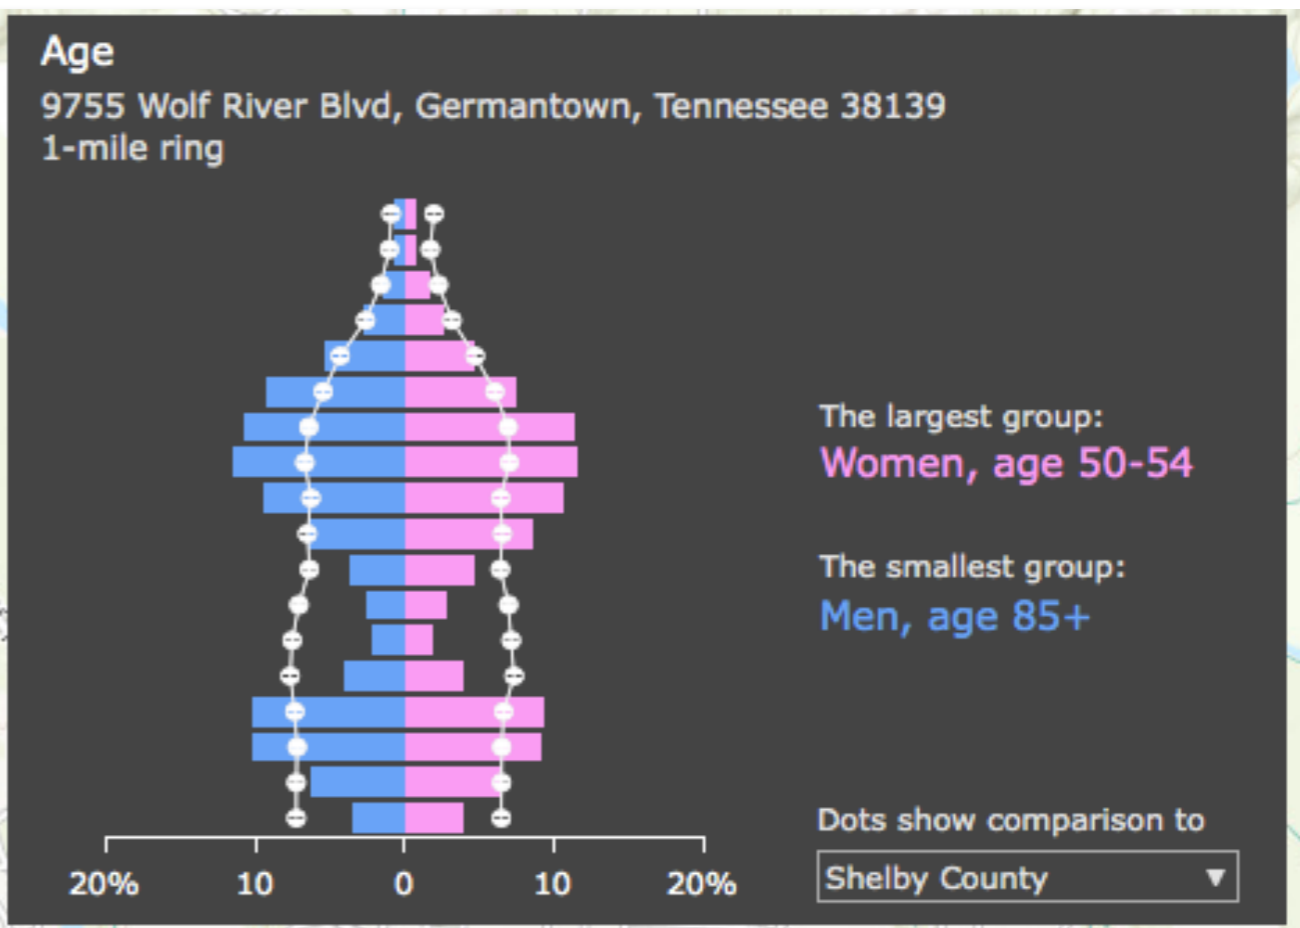

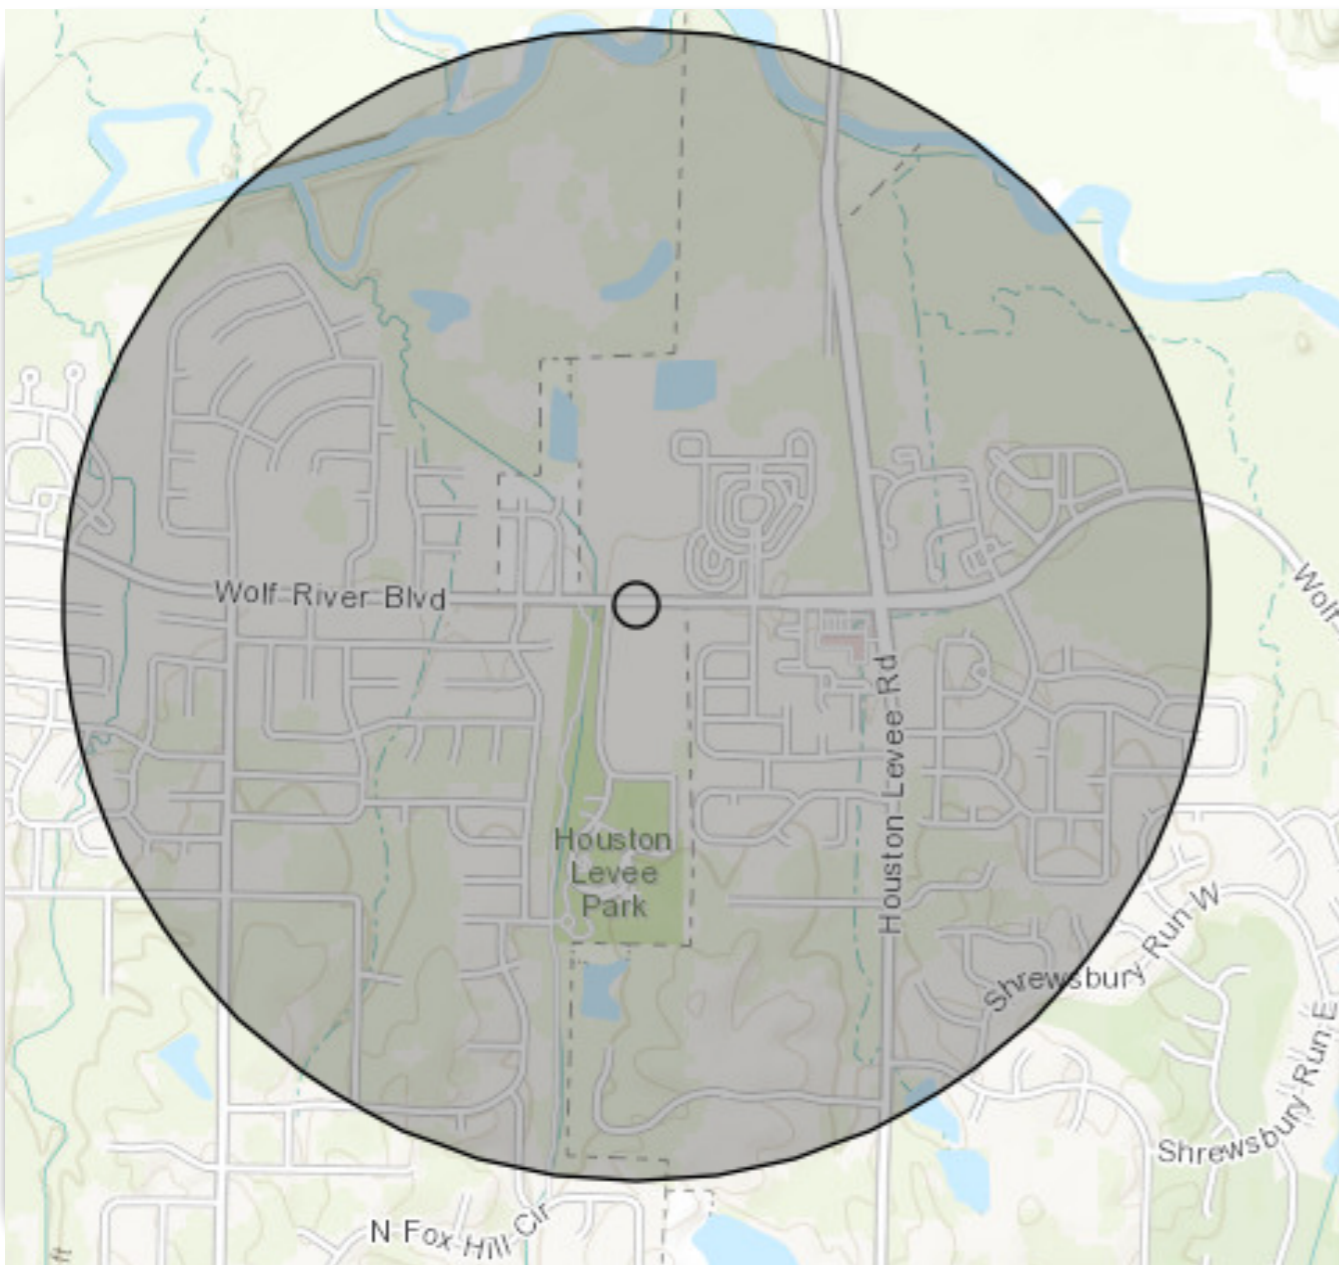

The team which locates the population pyramid first will project their graph on the television screen.

The remaining teams will have two minutes to find a better example of the population pyramids.

The team with the most points at the end will earn an extra credit point on the next quiz.
